The Energy Storage Experts

Update from the Field – July 2019

A monthly analysis note from the energy storage experts

Table of contents

Executive summary	2
New regulations and initiatives discussed this month	5
Americas	5
United States	5
Europe	5
United Kingdom	5
Italy	5
Project updates and announcements	6
Overview of the 2019 market for utility-scale energy storage projects	6
Projects announced or contracted this month	6
Europe	7
Americas	7
Australia & Oceania	8
Projects commissioned this month	8
Americas	8
Australia & Oceania	9
Tenders this month	9
Americas	9
Focus of the month: Development Finance Institutions and energy storage: perspectives and strategies	10
DFIs promote energy storage uptake by adapting their financing strategies to local constraints	11
Multilateral versus bilateral institutions	11
Sources of financing	12
Guarantees	15
Despite the ever-growing adoption of energy storage, some regulatory, technical and market barriers have to be surmounted	16
Expenditure volumes for energy storage projects	16
DFIs don't discriminate amongst energy storage market segments	16
Strategies and priorities for DFI-led investments in storage:	17
Main limitations for energy storage investments:	19
Future DFI perspectives	20
