The Energy Storage Experts

Update from the Field – December 2018

A monthly analysis note from the energy storage experts

Table of contents

Executive summary	2
New regulations and initiatives discussed this month	5
Americas	5
United States	5
Europe	5
United Kingdom	5
Switzerland	5
Asia	6
United Arab Emirates	6
Projects updates and announcements	6
Overview of the 2018 market for utility-scale energy storage projects	6
Projects announced or contracted this month	7
Asia	7
Europe	8
Americas	8
Africa	9
Projects commissioned this month	10
Americas	10
Europe	10
Australia & Oceania	10
Tenders this month	11
Focus of the month: The Nordics, a small market with possible high revenue streams available	12
Finland	12
A highly remunerative Frequency Containment Reserve market	13
A regulatory context becoming more favorable to energy storage	18
Denmark	18
Two distinct FCR markets, both showing opportunities for energy storage	18
Operational and announced projects and initiatives regarding energy storage in Denmark	21
Sweden	21
Behind-the-meter residential energy storage systems are gaining momentum in Sweden thanks to governmental incentives	21
The frequency regulation market shows interesting potential revenues, but is not explicitly open to energy storage	22
The current regulatory framework is unclear concerning energy storage, and creates barriers to the deployment of energy storage	23
Norway	24

Update from the Field – December 2018

A monthly analysis note from the energy storage experts

Table of figures

Figure 1: Utility-scale energy storage projects announced/contracted and commissioned in 2017 and 2018 (ongoing).....	6
Figure 2: Nordic countries presenting opportunities for large-scale energy storage	12
Figure 3: Frequency Containment Reserve products available in the Nordic countries.....	13
Figure 4: Volume and prices observed on the yearly FCR-N market in Finland.....	14
Figure 5: Evolution of the prices observed on the hourly FCR-N market in Finland in 2018	15
Figure 6: Duration curve of the volumes procured on the Finnish hourly FCR-N market in 2018. 16	
Figure 7: Expected unleveraged IRR of an energy storage project taking part in the FCR-N markets in Finland	17
Figure 8: Separation of the two bidding zones in Denmark.....	19
Figure 9: Evolution of the average price observed on the Danish FCR-N price	20
Figure 10: Evolution of the average prices observed on the FCR-N market in Sweden	22
